OUR STORY

When we moved to Freeport, Maine, only one thing was missing: a juice bar. As a health conscience couple that loves good food, we live for juicing, creating our own smoothies and bowls, and growing and eating organic foods. Seeing the need for a healthy foods option in Freeport, we decided to manifest our dream and create a health-centered, environmentally conscious juice bar for the Freeport community.

OUR PROCESS

Everything we create at Wanderlust Juicery begins with fresh, organic produce. We work with local farmers and distributors to source locally as much as possible. Our juice is cold-pressed using a Goodnature X-1 so that each glass bottle is packed with living enzymes, minerals, and vitamins. Our smoothies and smoothie bowls are made without fillers, ice, or additives so that you are only getting the fresh, whole foods.

MAINE GROWN • ORGANIC
JUICED & BOTTLED DAILY IN FREEPORT, ME
